

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW YOUR MEDICAL INFORMATION MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. OUR RESPONSIBILITIES:

We reserve the right to change this Notice of Privacy Practices and to make any new Notice of Privacy Practices effective for all protected health information that we maintain. Any new Notice of Privacy Practices adopted will be made available at your next appointment.

II. WHAT IS "PROTECTED HEALTH INFORMATION" (PHI)?

Protected health information ("PHI") is demographic and individually identifiable health information that will or may identify the patient and relates to the patient's past, present or future physical or mental health or condition and related health care services.

USES AND DISCLOSURES OF INFORMATION

Under federal law, we are permitted to use and disclose personal health information without authorization for treatment, payment and health care operations.

III. WHAT DOES "HEALTH CARE OPERATIONS" INCLUDE?

Health care operations include activities such as communications among health care providers, conducting quality assessment and improvement activities; evaluating the qualifications, competence, and performance of health care professionals; training future health care professionals; other related services that may be a benefit to you such as case management and care coordination; contracting with insurance companies; conducting medical review and auditing services; compiling and analyzing information in anticipation of or for use in legal proceedings; and general administrative and business functions.

IV. HOW IS MEDICAL INFORMATION USED?

We use medical records as a way of recording health information, planning care and treatment and as a tool for routine health care operations. Your insurance company may request information such as procedure and diagnosis information that we are required to submit in order to bill for treatment we provide to the patient. Other health care providers or health plans reviewing your records must follow the same confidentiality laws and rules required of us.

Patient records are also a valuable tool used by researchers in finding the best possible treatment for diseases and medical conditions. All researchers must follow the same rules and laws that other health care providers are required to follow to ensure the privacy of patient information. Information that may identify patients will not be released for research purposes to anyone without written authorization from the patient or the patient's parent or legal guardian.

information released for any reason other than treatment, payment or healthcare operations.

VII. WHAT ARE PSYCHOTHERAPY NOTES?

Psychotherapy notes are notes recorded (in any medium) by a mental health professional documenting or analyzing the contents of conversation during a private counseling session or a group, joint, or family counseling session that are separated from the rest of the patient's medical record. Psychotherapy notes exclude medication prescription and monitoring, counseling session start and stop times, modalities and

frequencies of treatment furnished, results of clinical tests, and any summary of the following items: diagnosis, functional status, the treatment plan, symptoms, prognosis, and progress to date.

VIII. WHAT IS PSYCHOSOCIAL INFORMATION?

Psychosocial information is information provided regarding your social history and counseling or psychiatric services you have received before treatment with me.

IX. WHY DO I HAVE TO SIGN A SEPARATE AUTHORIZATION FORM?

In order to release patient protected health information for any reason other than treatment, payment and health care operations, we must have an authorization signed by the patient or the parent or guardian of the patient that clearly explains how they wish the information to be used and disclosed. The following are some examples of releases of information that require a separate authorization:

- Psychosocial information
- Use of information in scientific and educational publications, presentations and materials.

X. CAN I CHANGE MY MIND AND REVOKE AN AUTHORIZATION?

You may change your mind and revoke an authorization, except (1) to the extent that we have relied on the authorization up to that point, (2) the information is needed to maintain the integrity of the research study, or (3) if the authorization was obtained as a condition of obtaining insurance coverage. All requests to revoke an authorization should be in writing.

XI. SHARING INFORMATION WITH BUSINESS ASSOCIATES

There are some services provided through contracts with business associates. Examples include billing services and transcription services. When these services are contracted, we may disclose your health information to the business associate so that they can perform the job we have contracted them to do.

XII. WHEN IS MY AUTHORIZATION / CONSENT NOT REQUIRED?

The law requires that some information may be disclosed without your authorization in the following circumstances:

- In case of an emergency
- When there are communication or language barriers
- When required by law
- When there are risks to public health
- To conduct health oversight activities
- To report suspected child abuse or neglect or abuse/neglect to other disabled persons
- To specified government regulatory agencies
- In connection with judicial or administrative proceedings
- For law enforcement purposes
- To coroners, funeral directors, and for organ donation
- In the event of a serious threat to health or safety

XIII. YOUR PRIVACY RIGHTS

The following is a statement of your rights with respect to your protected health information and a brief description of how you may exercise these rights.

1. You have the right to inspect and copy your health information.

This means you may inspect and obtain a copy of your PHI that is contained in a "designated record set" for so long as we maintain the PHI. A designated record set contains medical and billing records and any

other records that we use in making decisions about your healthcare. You may not however, inspect or copy the following records: psychotherapy notes; information compiled in reasonable anticipation of, or use in, a civil, criminal or administrative action or proceeding, and certain PHI that is subject to laws that prohibit access to that PHI. Depending on the circumstances, a decision to deny access may be reviewable. In some circumstances, you may have the right to have this decision reviewed. Please contact our Privacy Officer if you have questions about access to your medical record.

2. You have the right to request a restriction of your health information.

This means you may ask us to restrict or limit the medical information we use or disclose for the purposes of treatment, payment or healthcare operations. We are not required to agree to a restriction that you may request. We will notify you if we deny your request. If we do agree to the requested restriction, we may not use or disclose your PHI in violation of that restriction unless it is needed to provide emergency treatment. You may request a restriction by contacting our Privacy Officer.

3. You have the right to request to receive confidential communications by alternative means or at alternative locations.

We will accommodate reasonable requests. We may also condition this accommodation by asking you for an alternative address or other method of contact. We will not request an explanation from you as the basis for the request. Requests must be made in writing to our Privacy Officer.

4. You have the right to request amendments to your health information.

This means you may request an amendment of PHI about you in a designated record set for as long as we maintain this information. In certain cases, we may deny your request for an amendment. If we deny your request, you have the right to file a statement of disagreement with our Privacy Office and we may prepare a rebuttal to your statement and will provide you with a copy of this rebuttal. If you wish to amend your PHI, please contact our Privacy Officer. Requests for amendment must be in writing.

5. You have the right to receive an accounting of disclosures of your health information.

You have the right to request an accounting of certain disclosures of your PHI. This right applies to disclosures for purposes other than treatment, payment or healthcare operations as described in this Privacy Notice. We are also not required to account for disclosures that you requested, disclosures that you agreed to by signing an authorization form, to family or friends involved in your care, or certain other disclosures we are permitted to make without your authorization. The request for an accounting must be made in writing to our Privacy Officer. The request should specify the time period sought for the accounting. Accounting requests may not be made for periods of time in excess of six years.

6. You have the right to receive a paper copy of this Notice of Privacy Practices.

XIV. WHAT IF I HAVE A QUESTION / COMPLAINT?

If you have questions regarding your privacy rights or if you believe your privacy rights have been violated, please contact Heather Harris, LMHC, or with the Secretary of the Department of Health and Human Services. You will not be penalized for filing a complaint. The address for the Secretary of the Department of Health and Human Services is:

Office of Civil Rights

U.S. Department of Health and Human Services

Atlanta Federal Center

Suite 3B70

61 Forsyth St., S.W.

Atlanta, GA 30303-8909
